## A Message from Lenny Morrow

In what seems like a blink of an eye we find ourselves in the final six weeks of the 2010-2011 school year. It has been quite a ride! As we take a moment to reflect, there have been moments of disappointment mixed in with plenty of exciting success stories. I believe that through this roller coaster ride of a typical school year, our students are developing the traits and the resolve that are necessary to be successful in life. We are learning the value of hard work, the necessity of taking responsibility, and the benefit of teamwork. With every assignment completed, every test studied for, and every extracurricular activity that is practiced and performed our students are beginning to realize that success does not come without a price. It requires a huge investment in time and energy. It takes commitment. What a great lesson to learn!

As we step back and admire the accom-

plishments that have taken place, I am filled with pride in the students of Spur ISD. I am excited to see our extracurricular activities flourish with students winning and advancing in football, basketball, cross country, BPA, track, FFA, golf, academic UIL events, and the list goes on and on. I am also proud of the involvement and support of the parents and fans of Spur ISD. I am amazed at the level of support for Spur students regardless of the time or location. It makes such a huge impact for our students to see that parents and fans care enough about what is going on at school to not only be at the events but to also passionately cheer them on in good times and bad. I personally want to extend a big thank you to our parents for taking part in the educational process with you child. Your involvement and support has been a huge part of the success of our students.

May 27	Graduation-8 PM New Gym

**Our students are developing the traits and the resolve that are necessary to be successful in life.....**

*Cont. Lenny Morrow*

I want to close by reminding all that we must continue moving forward. This will happen if we challenge our students with high expectations while also maintaining a positive, encouraging school culture. With that being said we still have unfinished business during this school year. We have important TAKS tests taking place at the end of April and we will continue to have great instruction in the classroom for six more weeks. Let's all work together to make every day a great day at Spur schools!
